IN MEMORIAM

WYMAN EVELETH HAWKES

1898 — 1983

Member Council on Aging — 1977-1983

FRED HEYWOOD, JR.

1917 — 1983

Auditor — 1957-1969

A DEDICATION

Men of honor and accomplishment seem to be fewer and fewer than in the past. Perhaps this is because noteworthy men are scrutinized by the press, exposing every flaw; or maybe just because we are growing older and those magical people we interwove into the fabric of our youth began to tarnish somewhat as we matured and gained a broader insight into life.

Therefore, it is particularly significant when we look back on a man's life and find his integrity and commitment to others remain intact, unblemished.

This past year, we in Berkley lost Richard Perry. Because of Dick, we and generations to come in Berkley are a little richer, a little better off. Without him, we might not have had our first fire station — or even our first fire truck. Our children might not have been nurtured and strengthened through the Boy Scout philosophy. His accomplishments go on and on, but perhaps his most noteworthy achievements will go unheralded; such as, helping the farmer who was ill to pick his crops, or cheering a shut-in just by stopping by to pass the time of day. Dick was always willing to give what he had if it could help others.

Some years ago, Dick and a group of men were volunteering their only day off — a Sunday — to put a new roof on the Church. The minister was finding it difficult to preach above the hammering so he came outside, asked the men to stop for awhile, and invited them to join the rest of the service. Dick and the other men obliged. Later, when the collection money was being counted, it was found that someone had placed a washer in the plate. Although Dick would neither confirm nor deny it, it was generally assumed that he had put it in. This was characteristic of Dick; if a washer was all that he had left, he'd give it away.

Dick's talents allowed him to do almost anything that he set his mind to — always as a professional and a perfectionist. From his home in the 1950's and early 1960's, he operated the Berkley Hills Trout Farm and the Berkley Hills Turkey Farm — both very demanding vocations. In more recent years, he was a self-employed carpenter. Dick leaves behind many monuments to his craft in the beautiful homes he built in and around our town.

It seems that Dick could do anything. Friends used to tease him when he was our town treasurer. They would say that Dick was involved in the only two certainties of life — Death and Taxes. You see, he was also a grave digger at the Fox Cemetery.

Dick was a rock of man. He was stubborn in his belief of right and wrong. He could rule a town meeting with an iron fist, and yet he never abused the power of his various offices; in these capacities, he treated us all alike, showing no favoritism — just doing what was right — what he had to do.

Sometimes, as the shadow of time grows longer, the contributions of an individual lose some of their humanistic qualities. I hope that years from now, when someone finds this book in a dusty attic and reads this dedication, they'll pause for a moment and reflect. Dick was our friend, our neighbor, a flesh and blood man who made our town a better place to live.

Thank you for letting us walk with you, Dick, and may God bless.

1952-1955 Elected Selectman

1957-1978 Elected Moderator, Treasurer and Accounting Officer for consecutive yearly terms.

Other municipal activities:

Snow removal

Rationing Board Chairman (12/41 - 9/45)

Common Fire Station Committee (1953)

Myricks Fire Station Committee (1957)

Award for Outstanding Civic Service (1978)

REPORT OF STATE AUDIT**Members of the Board of Selectmen:**

We have examined the financial statements of the Town of Berkley, Massachusetts for the year ended June 30, 1982 and have issued our report thereon dated June 30, 1983. As part of our examination, we made a study and evaluation of the town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purposes of such an evaluation are to establish a basis for reliance on the system of internal accounting control to determine the nature, timing and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements and to assist the auditor in planning and performing his examination of the financial statements.

Our examination of the financial statements made in accordance with generally accepted auditing standards, including the study and evaluation of the town's system of internal accounting control for the year ended June 30, 1982, would not necessarily disclose all weaknesses in the system because it was based on selective tests of accounting records and related data. However, such study and evaluation disclosed the following weaknesses that we believe should be brought to your attention.

The following summary of findings defines the various weaknesses inherent in the internal accounting control system of the town as:

Type A—Comments—These are the weaknesses that, if not corrected quickly, can cause the most problems. They carry with them a high risk of error or possible irregularity.

Type B—Comments—These are the weaknesses that are also important, but immediate corrective action isn't as necessary since assets are still reasonably safeguarded. These areas, however, once corrected will serve to strengthen the town's internal administrative as well as its accounting controls.

SUMMARY OF FINDINGS**TYPE A WEAKNESSES NOTED**

1. Reconciliation of Cash
2. Quarterly Report—Reconciliation of Cash
3. Approval of Vouchers and Payrolls
4. Records of Departmental Receipts To Treasurer
5. Accounting Officer
 1. Segregation of Duties
 2. Monthly Appropriation Statements

TYPE B WEAKNESSES NOTED

1. Motor Vehicle Excise on Repair Plates
2. Tax Title Interest
3. Cemetery Perpetual Care Funds
4. Board of Assessors
 1. Valuation Cards

TYPE A WEAKNESSES NOTED**1. Reconciliation of Cash**

Difficulty in reconciling cash was encountered in that bank deposits could not be tied into receipts as reported in the treasurer's cash book. Each deposit made by the treasurer should equal the amount received and recorded in a systematic manner in the cash book. School lunch deposits should equal the total lunch receipts recorded for a given period in any one week. State reimbursement checks deposited by service banks should be identified clearly.

Failure to implement this procedure results in a poor internal control situation through a lack of a good audit trail.

We recommend that the treasurer record all receipts in detail in the cash book as of the date of deposit so that each deposit can be crosschecked to a segment of the cash book.

2. Quarterly Report—Reconciliation of Cash

This document that must be submitted quarterly to the Bureau of Accounts did not include revenue sharing funds.

This practice leaves the entire picture of cash on hand in an incomplete state.

We recommend that all cash be reported on the "Quarterly Report of Treasurer's Cash".

3. Approval of Vouchers and Payrolls

An examination of the vouchers and invoices revealed that many of the vouchers were not signed by the department head attesting to the goods and services received or the hours worked.

This important aspect of a good internal control system is significantly weakened as one of the important check-points has been eliminated.

4. Records of Departmental Receipts to Treasurer

Some concern was realized relative to lack of records kept by outside departments. Due to the low salary structure of various town personnel, it has been believed no records had to be maintained by the various departments.

In order to maintain a good internal control situation, it is necessary for each department to keep a bound cash book listing the receipts collected in detail. We recommend that they keep these records.

5. Accounting Officer

1. Segregation of Duties

The town treasurer holds the office of collector, treasurer, accounting officer, veterans' agent and other municipal positions. Notwithstanding the integrity and dedication of the individual involved, the present internal control system is not designed to enforce the separation of duties, therefore, weakening any internal control present in the system.

2. Monthly Appropriation Statements

The accounting officer does not submit monthly appropriation statements to the individual departments of the town.

Failure to submit these statements contradicts the objective of Section 58, Chapter 41 of the Massachusetts General Laws, namely that each department be made aware of the appropriation balance available for expenditure.

Notwithstanding the fact the town does not presently have a town accountant, it is recommended the treasurer, acting as accounting officer prepare and furnish each department monthly a statement showing the condition of the appropriation under its jurisdictions.

TYPE B WEAKNESSES NOTED

1. Motor Vehicle Excise On Repair Plates

The board of assessors do not issue bills for repair plates on motor vehicle excise levies. There are approximately fifty (50) repair plates issued in the Town of Berkley as per the state list which is submitted each year. Various towns charge a minimum of \$10.00 to \$300.00 a year for this privilege. This constitutes a loss of revenue to the town.

We recommend the assessors set a fee for the use of these plates and commit these charges along with the motor vehicle levy.

2. Tax Lien Interest

The treasurer has been charging interest on tax liens at the rate prevalent on the date of the certification. However, the law regards each subsequent certification as an additional lien.

This could result in a loss of revenue to the town as well as not being in compliance with the General Laws.

We recommend that the tax lien redemptions include the interest in effect at the time of the certification. This would mean that when a tax lien is redeemed, a rate of 6, 8, 10, 12, 14, or 16 percent must be charged on individual certifications within that tax lien depending on the rate in effect at the date of certification.

3. Cemetery Perpetual Care Funds

The town has no official log of cemetery trust fund bequests and invests much of its funds in 5 $\frac{1}{4}$ % savings pass books.

This practice severely cuts the interest earnings resulting from these funds and minimizes the amount of income available to carry out the purpose of the trust fund.

We recommend that a permanent log book of all cemetery accounts be started containing the following information:

Date of Bequest, For Benefit Of, Initial Amount,
Value of Passbook at Date of Consolidation

Once this log book is established, we recommend consolidating all these bank books and investing the cash in securities offering a greater rate of return.

The value of any perpetual care account could be determined in the future by multiplying the ratio of the individual bank account at date of consolidation over the total cemetery perpetual care funds times the amount in the cemetery perpetual care income account.

4. Board of Assessors

1. Valuation Cards

Although the town has only the services of a part-time clerk, the valuation cards should show a dated entry for each building permit issued and a dated entry for each sale or change of ownership. Building permit numbers and dates are not listed on the valuation cards.

The failure to properly update these cards could lead to a loss of revenue to the town.

We recommend that the listing of building permit numbers, dates and related information as well as dates of changes in ownership appear without exception on all the valuation cards and that a building permit number and deed number be assigned to each document and filed in that manner. A file of deeds and building permits cross indexed to the valuation cards should be a must in any assessor's office.

UNIFORM MUNICIPAL ACCOUNTING SYSTEM

The Commonwealth has revised the accounting principles now in effect for the municipalities, the main purpose of which was to bring these principles more into conformity with Generally Accepted Accounting Principals (GAAP). The revised principles are a combination of GAAP as described in a publication entitled "Governmental Accounting, Auditing and Financial Reporting" (GAAFR) published by the National Committee on Government Account (NCGA), the 1980 edition, and the Uniform System which is currently in effect for Massachusetts cities, towns, and districts, having been established under Chapter 44 of the General Laws of the Commonwealth.

The revised system has been designated as the "Uniform Municipal Accounting System" (UMAS) and its main thrust is to establish a series of funds and group of accounts, similar to those as presented in the updated publication of G.A.A.F.R. in order to facilitate the preparation of more meaningful financial statements and reports. It is documented in a revised

Accounting Manual (a new "green book") that has been published by the Bureau of Accounts.

Currently, the revised system is being adopted by some of the communities in the Commonwealth on a voluntary basis. We recommend that you familiarize yourself with the revised system and consider its adoption as soon as it is feasible.

Our examination uncovered other minor weaknesses in the accounting internal control system that we considered to be immaterial and accordingly did not affect the nature, timing or extent of our substantive testing.

The foregoing conditions were considered in determining the nature, extent and timing of audit tests we applied in our examination of the financial statements and this report does not modify our financial report dated June 30, 1983.

During our evaluation of the Town of Berkley's internal control system, the forementioned weaknesses were discussed with the town's management personnel responsible for that particular accounting function. In this regard, we would appreciate receiving, at your earliest convenience, any thoughts you may have with respect to implementing our recommendations and a proposed timetable for same.

In conclusion, we wish to take this opportunity to thank you for your cooperation during the course of our audit.

It is very important that you commence corrective action on the primary weaknesses immediately. We would be pleased to assist you in developing such a corrective course of action, should you so desire.

Sincerely,

HAROLD J. REGAN, JR.

Director, Bureau of Accounts
Department of Revenue

FRANCIS F. G. ANDREWS
Town Clerk

SUMMARIES OF 1983 TOWN MEETINGS**1. January 27**

Article 1. Authorized the School Committee to informally explore possible regionalization of the Berkley School System.

Article 2. Heard the report of the School Committee relative to the fiscal year 1984 Budget.

Article 3. Direct the Selectmen to request that the Mass. D.P.W. conduct an Environmental Impact Statement relative to the replacement of the Berkley-Dighton Bridge.

Article 4. Defeated the provisions of Mass. General Laws, Chapter 90 Section 7L relative to standees on School Buses. This article was by petition.

Article 5. Defeated the motion to accept Chapter 71, Section 71E, of the Mass. General Laws which relates to allowing the Town to establish in the Town Treasury a revolving fund which shall be kept separate and apart from all other monies by the Town Treasurer, and in which shall be deposited receipts received in connection with the rental and operation of the school.

Article 6. Defeated the motion to accept Chapter 71, Section 71F relative to receipts for student tuition.

Article 7. Voted to rescind \$3,700.00 appropriated for a Gifted and Talented Program at the 1982 Annual Town Meeting, June 14, under Article 21.

Article 8. Authorized the Selectmen to draw up and enter into an agreement with area towns for the purpose of establishing a Police Mutual Aid Contract.

Article 9. Voted to appropriate \$1,800.00 to wire and install a generator to service the Berkley Common Fire Station, Communications Trailer and the Fire Department Trailer.

Article 10. Voted to appropriate \$5,000.00 from Surplus Revenue for the Road Maintenance Account.

Article 11. Appropriation voted to transfer from Surplus Revenue \$3,500.00 for the Traffic Safety Account.

Article 12. Funds were appropriated for the Road Machinery Account, to be transferred from Surplus Revenue, \$5,000.00.

Article 13. A transfer was voted in the amount of \$5,000.00 from the Road Machinery Rental Account to the Highway Equipment Account.

Article 14. Authorized the Selectmen to enter into a four year contract for a telephone system, total contract to be \$2,016.00, payable at \$504.00 per year.

Article 15. Funds were appropriated for the Selectmen's Expense Account in the sum of \$1,000.00 to be transferred from Surplus Revenue.

Article 16. Tabled. Article to appropriate \$300.00 for the Civil Defense Account.

Article 17. Voted to appropriate \$1,000.00 for the maintenance of Town Property and Buildings, to be transferred from Town Property Account.

Article 18. The meeting voted \$3,000.00 to be appropriated and transferred from the rental of Town Property Account to the Gasoline Account and change the name of the Gasoline Account to the Motor Vehicle Fuel Revolving Account.

Article 19. Moderator declared a unanimous vote in favor of paying some unpaid bills of the previous years, the total appropriation was \$1,948.08 to be transferred from Surplus Revenue.

3. Special Town Meeting June 9, 1983

Article 1. An appropriation of \$1,410.00 was added to the Communication Salaries Account by a transfer from Snow Removal Account.

Article 2. A motion was passed to transfer \$5,000.00 from Surplus Revenue Account to the Veterans' Services Account.

Article 3. Voted to transfer \$750.00 from Communications Salary Account to Communications Expense Account.

Article 4. A motion to transfer \$500.00 from Assessors Clerical and \$500.00 from Communications Salary Account for a total of \$1,000.00 to the Assessors Expense Account was voted.

4. Annual Town Meeting June 15

Article 1. Voted to accept the report of the Finance Committee, offered by acting chairman, Lawrence T. Wilson, Jr.

The total available income for fiscal year 1984 totals \$1,750,746. The budget summary distributed at this town meeting provides you with a breakdown of all money to be voted on this evening.

The Finance Committee took a new approach this year regarding salaries and expense accounts. In prior years, a flat percentage, usually in the range of 5% was the accepted means of providing annual increases. This year we examined specific areas which we felt were out of line with present day standards of compensation. We attempted to upgrade these deficient areas accordingly. In some cases, salaries and expense accounts were reduced. Once again, due to the restraints placed upon us by Proposition 2½ we have not been able to meet 100% of the budget requests received. However, we have made every attempt to provide a balanced budget to serve the best interests of the citizens of Berkley.

Some major financial issues to be addressed tonight and in the near future include: the condition of unpaved roads in the town; the issue of regionalization of the school system with particular emphasis on the high school level; upgrading of town equipment such as new fire apparatus; and expansion of town services such as the addition of a full time police officer. Whether the money for such items is from the Sta-

bilization Fund or tax revenue, we all must make a concerted effort to understand each of these issues so that proper priorities are established.

Article 2. The town clerk made a suggestion that the reports of the various town departments be made more informative and interesting. Voted to accept the reports of the town officers.

Article 3. Unanimously voted to authorize borrowing by the treasurer in anticipation of revenue for the fiscal year beginning July 1, 1983.

Article 4. Authorized the Board of Selectmen to enter into contract with the state and county for highway funds.

Article 5. As provided by law, the salaries and wages of all elected officials were set by vote of the town. The appropriations provided therefor follow:

SELECTMEN'S REPORT

During the year 1983 the Board of Selectmen were engaged in many activities of concern to the town. In addition to our normal duties which include review of all departmental invoices, scheduling of town meetings, renewal of licenses, and overall coordination and study of the town budget, we also were involved in many other areas.

In January the town had all insurance policies reviewed by a professional consultant. This was done by Mr. Lawrence Wilson at no cost to the town and resulted in a consolidation and upgrading of the coverage for various town departments. The final package was then put out to bid amongst our companies. The final result of this task was a more comprehensive insurance plan with a reduction in premiums.

The Myricks well water problem is still of concern to the town. Joint meetings were held with the Board of Health, SCA, the Massachusetts Department of Environmental Quality Engineering, and local residents in order to discuss proposed corrective measures at the landfill site. As a result of a court agreement, SCA has instituted a plan to seal off the area in an effort to curtail further water pollution. Their plan is still under review by the state, and it is expected that an approval to commence construction will be forthcoming in 1984. The town has retained Geotechnical Engineering Inc. of Winchester to evaluate the proposed method of containment and to act as our consultant in this matter.

The Board this year met with all other town boards and department heads in order to discuss their current projects and needs. As a result of these discussions, we are more aware of what is being pursued by other agencies and are better prepared to deal with their needs. One common theme mentioned by almost everyone we talked to is a lack of necessary space for conducting the business of the town. The overriding concensus was that the town of Berkley desperately needs a town office building.

In March, a cable TV advisory committee was formed to evaluate the possibility of bringing cable TV to Berkley. An initial attempt to interest cable companies in Berkley was not successful. Therefore, in October we initiated a

regional cable TV agreement with the towns of Dighton and Freetown. As a result of this venture, it is hoped that cable television may be offered in Berkley during the latter part of 1984.

The Berkley-Dighton Bridge project was revived in 1983. A special town meeting in January gave overwhelming support to pursue this matter, and a meeting with the Joint Transportation and Planning Group in June resulted in the bridge being considered as an active project. The state DPW is currently studying this matter and federal legislators have pledged their help and support.

At the annual town meeting in June, it was voted to begin a 250th anniversary committee for the purpose of celebrating that event in 1985. A 16 member group has already begun preparations, with fund raisers scheduled throughout 1984 and the actual celebration in 1985.

In July we received the results of the state audit in 1982. This document is reproduced elsewhere in the town report. Based on its recommendations, the Board of Selectmen has instituted verification procedures for all payrolls and invoices and will request that the town meeting create a separate position of Town Accountant to review all requests for disbursement plus take steps to correct all the Type A deficiencies.

The Town of Berkley took delivery of new property for the Highway and Fire department this year. A new dump truck, which was funded out of the stabilization fund, was put into service in the spring. In May, the town's dispatchers, through donations and fund raising activities, donated Jaws of Life equipment for use by the Fire Department in rescue operations. A salt shed was erected at the highway garage as the result of a state grant.

The Board of Selectmen received seven applications for special permits under our zoning by-laws in 1983. As a result of public hearings, approvals were granted for two new automobile businesses, one machine shop, one nursery school, and one cabinet shop. Requests for a dog kennel and used car lot were denied.

In April, Mr. John Lucey was appointed as Berkley's new Town Counsel, following the resignation of Anthony Mastromarino. Attorney Lucey has a law practice in Fall River and is a resident of the town.

In 1983 the Selectmen entered into a mutual aid agreement with the following Police Depts, Freetown, Dighton, Lakeville, Raynham, and Taunton.

Early in the year residents of Green St. petitioned for improvements to their street. Through the efforts of Raymond Rose, Highway Surveyor, Green St. has been widened and greatly improved. We would also like to thank the residents for their cooperation.

The members of the Board of Selectmen would like to thank the various town boards, committees, and department heads for their cooperation and help during the past year. As Berkley continues to grow, we are mindful that their contributions to the town are essential to insure that this community is one of which we can be proud. We would also like to remind all town residents that our meetings are open to the public and that anyone is welcome to attend the meetings and offer their input and suggestions regarding any aspect of town government functions.

Respectfully,

GEORGE A. MOITOZA, Chairman

HIGHWAY DEPARTMENT ANNUAL REPORT

The Highway Department has been slowly growing with the town. In addition to a Highway Surveyor we also have two other full time workers. This past summer we were fortunate to have the CETA youth program. It was enjoyable and beneficial to both the department and the youth workers.

Last year was a changing time for the Highway Department. Inflation, a major factor in the cost of materials, labor, rental equipment, and fuel has been the short fall of most of the town's budgets. Materials take a seventy-five percent bite out of the highway's budgets. Projects will soon be far and few between because of the cost of material.

As our town grows, the town needs more and more improvements. Traffic safety has been more in demand. Center line painting has helped, especially for night time driving. More street signs have been installed, and brush removal has been growing as fast as we can cut it. Berkley has been experiencing growing pains on our so called dirt roads. These roads make up over twenty-five percent of our streets. Parts of Forest, Bryant, Seymour, and Sanford Streets had to be widened because of new homes. A major reconstruction project was started on Green Street. This road alone required over ninety-two hundred yards of gravel, and we are still not done.

On the whole, the Highway Department is in fairly good shape. In May of 1982 the town purchased a used Gallion grader. This piece of equipment has been a godsend. In the short time we have owned it, it has paid for itself. Also in May, the town purchased a used street sweeper from the Town of Dighton, which will soon be used for cleaning intersections and shoulders. The new truck and plow finally arrived and has been in use since June. With this purchased equipment the town has cut rental fees in half.

Another improvement this year was a salt storage shed provided by the state at no cost to our taxpayers. This building will be used for salt in the winter and for other materials in the summer. At the highway garage site gas and fuel pumps were installed. Both Fire and Highway Departments are using them at present.

Highway Department projects have been overtaken on

many of our problem streets. Because of a record rainfall year, drainage has been the biggest problem. Oiling of our roads is helping to alleviate some of the cracks and potholes in them. Over thirteen thousand yards of gravel has been used for projects from our highway gravel pit. Seventy-five hundred feet of Padelford Street will be reconstructed this year and Berkley Street will be on the drawing boards. Our tree removal has been keeping up with the larger and most dangerous trees. For some reason our large elm, locust, and ash have been dying off.

Finally, as Highway Surveyor and Tree Warden for the past five years, I have learned to take the good with the bad. The two biggest problems are trying to make everyone happy and using my budget for the good of the town as a whole. I would like to give a special thanks to our Fire Department. When a problem exists they are always willing to give a helping hand. Also, I would like to thank the townspeople for letting me serve as your Highway Surveyor and Tree Warden. Time will pass, people will change, but there will always be a Town of Berkley.

Respectfully yours,

RAYMOND D. ROSE,
Highway Surveyor/Tree Warden

BERKLEY PUBLIC LIBRARY ANNUAL REPORT

To the Board of Selectmen and the Townspeople of Berkley:

I submit the annual report of the Berkley Public Library.
Library Hours:

Mondays 6 p.m. to 8 p.m.

Thursdays 10 a.m. to 8 p.m.

Fridays 12 noon to 3 p.m.

Summer Hours are the same except for Thursdays 5 p.m. to 8 p.m. and coincide with the school year.

Total books circulated: 6,805

Loaned to Myricks: 50

Loaned to the Jr. High School: 25

Acquisitions:

Juvenile Fiction	105
Juvenile Non-fiction	43
Adult Fiction	64
Adult Non-fiction	38
Total:	<hr/> 250

The Library had an increase in circulation of 12% over 1982. Regular programs for 1983 include eight elementary school classes weekly, Story Hour and crafts in Spring 1983, Halloween Party on October 28th. During my eight week maternity leave Louise Brady was hired to read to the classes that came for the remainder of the school year.

Library pins awarded were to Jennifer Fournier and Rose Limburg. Jennifer earned both her Junior and Intermediate pins and Rose earned her senior pin. Both girls were congratulated for their helpful and responsible contributions.

The Library has been updated with the addition of a revolving paperback rack. We appreciate and will accept donations of newer paperbacks.

A pamphlet file has been organized and indexed alphabetically. Pamphlets may be loaned out of the Library but must be returned in most cases.

The map of Berkley from 1871 which has been of interest to many patrons has been photocopied. A limited number of copies are available and are suitable for framing.

The second access to the basement of the Library is now usable but only as an emergency exit. We don't know when the Children's Department will be opened but shelving units are on order. Upstairs the walls have been painted. The room is much brighter.

The Junior High section now has a catalog of its own. It is located on top of the adult catalog. The separation from the J and JJ catalog will make looking for books much easier when that collection is moved downstairs.

In this next year the Library Trustees and I will be addressing the problems connected with adding a book drop. It is a suggestion made by one of our patrons. Open twenty-four hours a day it would be a wonderful addition but we are faced with the problems of cost and the best place for it.

As always, I welcome suggestions about improvements for the Library. I am proud of the Library and want Berkley to be proud of it as well. Doris Caron, the Library Aides and I are trained to be helpful and efficient in serving you. We hope that you will give us the opportunity.

Doris Caron and the Library Trustees are dedicated to the Library in a way that is inspiring to me and will no doubt move the Library farther forward as we meet the challenges of the new year.

Respectfully submitted,

MRS. ROSEMARIE CAREY,
Librarian

REPORT OF THE TRUSTEES OF THE BERKLEY PUBLIC LIBRARY

The Board of Trustees over the past year have continued to make progress toward the final completion of a "Children's Room" in the basement of the library. We wish to thank the Board of Selectmen and the Planning Board for their cooperation in the removal of the Planning Board files to add further floor space to the basement area. We have had minor repairs made to the door under the front steps as an emergency exit from the proposed Children's Room area. A wall divider has been added to separate the floor space between the town clerk and the children's area. Furniture has been added, a mobile book unit, large table and children's chairs. The trustees are hoping to add shelving units to finish the project. Painting has been done to the walls in the main area of the library with plans to hang pictures that can be loaned to library patrons.

The weekly classes from the Primary School continue to use the facilities on a regular basis. Students are also using the basement area during their visit. A well attended Halloween Party in October also utilized the facility.

Again we wish to express our thanks to various town departments, town officials, and private citizens who have given their talents and free time to help us complete another year.

Our librarian, Rosemarie Carey, has continued to add new books and materials to our large collection and assist patrons in their requests for materials. We also wish to thank Doris Caron, who serves as assistant librarian and janitress.

Respectfully submitted,

IRENE M. VIERA, Chairman

JUNE F. MOSKAL, Secretary

CARLA V. R. LYMAN, Member

ANNUAL REPORT OF THE SOUTHEASTERN REGIONAL PLANNING AND ECONOMIC DEVELOPMENT DISTRICT

During 1983 the Town of Berkley continued its membership for the fourteenth year in the Southeastern Regional Planning and Economic Development District. SRPEDD is a planning and economic development agency formed under state law to serve twenty-eight communities in southeastern Massachusetts by providing a cooperative approach to regional issues.

The District is governed by a Commission consisting of a chief elected official or designee and a planning board representative from each participating municipality and six low-income and minority representatives. Berkley's Commission representatives from the Board of Selectmen and Planning Board, respectively, are Lawrence Wilson, who serves on the Finance Committee and is a member of SEED Corporation, and S. Kenneth Woodward, who is the Vice-Chairman for the SRPEDD Commission as well as a member of the Executive Committee and a director of SEED Corporation.

In addition to regional planning and economic development, SRPEDD assists member cities and towns. Through the free municipal assistance program, each community receives time for local projects and assistance in preparing applications for federal and state funds.

The agency's purpose is to plan for regional land use, economic development, housing, transit, transportation, solid waste, energy resources and conservation, and air and water quality. Local participation in these regional plans enables communities to be eligible for federal and state dollars.

Services to Berkley this past year included:

- Advising the Board of Health on town waste disposal alternatives.

Regional plans and other activities conducted this year benefiting all communities included:

- Approval of over \$230 million in regional grant applications to federal and state agencies and of over \$32

million in Industrial Revenue Bonds which will create approximately 1,200 new jobs in the region.

- Environmental assessment reviews of state and federally funded projects, and reviews of all local zoning amendments. The reviews are advisory and are oriented toward making proposals more cost-effective and feasible.
- The annual update of the **Overall Economic Development Program** (OEDP) which makes member communities eligible for U.S. Economic Development Administration funding and a 10 percent bonus for public facility projects.
- The annual update of the **Transportation Improvements Program** (TIP) which lists major projects in each community for federal and state funding. A project must be included on the TIP in order to be eligible for these funds.
- A Housing Conversion and Rehabilitation Program funded with bonus money provided to SRPEDD by the U.S. Department of Housing and Urban Development. The program provided grants to establish 16 new housing units in existing structures throughout the region.
- Marketing Southeastern Massachusetts—SRPEDD was actively involved in the Golden Connection effort in Connecticut to attract high technology industries to the region and prepared the five publications used to market the region.
- SEED, South Eastern Economic Development Corporation, established and staffed by SRPEDD provides low-interest, long-term financing to small businesses in southeastern Massachusetts through the U.S. Small Business Administration's "503" Program. In 1983, SEED assisted four businesses which resulted in total investments of over \$1.5 million and created 66 jobs.

SRPEDD represents the collective will of its member communities. As the responsibilities and problems of municipalities become increasingly complex, the District can provide technical assistance to local boards, encourage cooperation among communities, and provide a comprehensive approach to issues that cross local boundaries.

BERKLEY BOARD OF HEALTH ANNUAL REPORT

Berkley Board of Selectmen
 Mr. George Moitoza, Chairman
 Selectmens Office
 Berkley, Massachusetts 02780

Dear Mr. Chairman and Members:

Regular monthly meetings of the Berkley Board of Health were held on the First Thursday of each month, at the Edward G. Canuel Primary School, at 7:30 p.m.

During the monthly Board of Health meeting held in August, 1983, reorganization of the Board of Health took place. The results of that meeting are as follows:

John Fernandes, Chairman
 Margaret Bopp, Member/Clerk
 Anthony Rose, Member

During this same meeting the following appointments were made:

Animal Inspector	George W. Bigelow
Well Inspector	I. Frank Wallace
Plumbing Inspector	Donald French
Gas Inspector	Donald French
Burial Agent	Francis Andrews
Sanitary Inspector	Steven Rapoza
Soil Conservation Board	John Fernandes

The following permits were issued during 1983 by the Board of Health:

1 Transfer Station	1 Needle & Syringes
1 Chemical Toilet	2 Cesspool Cleaning
4 Pig Permits	1 Hauling Garbage
5 Installers Disposal Work	80 House Inspections
65 Landfill and Container Inspection	

The Berkley Board of Health Chairman and Members would like to thank their various appointees for the fine manner in which they performed their duties.

Respectfully submitted,

JOHN FERNANDES, Chairman
 MARGARET BOPP, Member/Clerk
 ANTHONY ROSE, Member

REPORT OF THE INSPECTOR OF BUILDINGS

Board of Selectmen
Town of Berkley

In making my visits as Inspector of Buildings during this past year, I have found most construction work to be satisfactory and meeting with the regulations of town bylaws and the minimum standards as set forth by the Massachusetts Building Code Commission. All work found not to be in accordance with minimum standards has since been corrected and all builders are currently complying with standards of acceptance.

Records have been maintained and can be considered accurate to the best of my knowledge through December 31, 1983. A monthly report of building permits issued has been filed with the office of the Selectmen and published in local newspapers.

During the year 1983, the following permits were issued by the Inspector of Buildings:

	1982	1983
New Homes	10	28
Additions	18	13
Renovations	1	12
Garages	10	10
Barns, Sheds, Miscellaneous Structures	20	27
Chimneys, Fireplaces, Woodstoves	23	29
Swimming Pools	2	1
Solar Installation	1	1
Demolition and Razing	5	6
Temporary Trailer	4	3
Trailer Replacement	0	1
Well Construction	9	24
Sanitation Installations	6	0
TOTAL PERMITS ISSUED	109	155

As can be seen by the permits issued, chimney/fireplace/woodstove installation permits continue to represent a large percentage of the total permits issued. Townspeople should be aware that while such solid-fuel appliances are manufactured under very strict regulations, the office of the Fire

Marshal has warned us that improper installation and misuse are the greatest causes of residential fires in which woodstove and solid-fuel appliances are involved. It is imperative that all units be inspected and cleaned regularly in order to prevent unnecessary and costly fires.

Once again, I would like to thank the various boards and individuals for their assistance in carrying out the duties of this office, especially Mr. John Fernandes, Chairman, Board of Health.

Respectfully submitted,

FRANK WALLACE,
Inspector of Buildings

ANNUAL REPORT OF THE PLUMBING INSPECTOR FOR THE YEAR 1983

To the Citizens of the Town of Berkley:

As the Plumbing Inspector I inspected thirty-six (36) plumbing installations in the Town of Berkley. The income from the permits for these plumbing installations amounted to \$702.00. The Plumbing Inspector received \$666.00 leaving a balance of \$36.00 for printing, mailing costs, etc.

The inspections were carried out with no problem or complaints.

I would like to take this opportunity to thank the members of the Board of Health and the Building Inspector, Mr. Frank Wallace, for their cooperation in assisting me to do my job.

Respectfully submitted,

DONALD E. FRENCH,
Town of Berkley
Plumbing Inspector

ANNUAL REPORT OF THE COUNCIL ON AGING

To the Board of Selectmen:

The Berkley Council on Aging was established by vote at the annual town meeting in March 1973, in accordance with the provisions of Chapter 40, Section 8B of the General Laws of the Commonwealth, to carry programs designed to meet the problems and needs of the Elderly in Berkley, and in cooperation with the programs of the Executive Office of Elderly Affairs in the Commonwealth of Massachusetts.

Programs accomplished by the Berkley Council on Aging for the past year ending December 31, 1983 are as follows:

1. One free flu shot clinic.
2. Ten full day Health Counseling Sessions (once a month except July and August). A nurse from the Taunton Visiting Nurse Assoc. Inc., checks blood pressure, urine for diabetes, weight, and answers any health questions. The health sessions are held from 9 a.m. to 1 p.m. on the 4th Tuesday of the month.
3. Sponsored a conference to test blood for anemia and sugar diabetes.
4. Continued to provide and distribute Identification Discount cards.
5. Participation with the Bristol County Home Care Corp. bringing home care to the elderly, Services include homemaking, chore services, Medivan transportation for chronic and long term medical problems. Information on legal services is available.
6. Continue to help individual seniors with special needs.
7. The Berkley Council on Aging Senior Center is open from 12 noon to 4 p.m. Monday thru Friday. Berkley elderly are welcome to drop in anytime during these hours. The Senior Center is located adjacent to the Myricks Methodist Church at 93 Myricks Street.
8. A branch of the Berkley Library is now located at the senior center, a good selection of books that are considered interesting for the elderly may be borrowed at any time when the senior center is open.

9. Line dancing lessons were given throughout the year. A total of ten lessons are given. Our dancing teacher is Lois Neilson.
10. The Council on Aging sponsored a luncheon for Senior Citizens on the 20th of June 1983 at the Riverside Restaurant in Middleboro; Entertainment was provided by the Taunton Senior Sweethearts.
On June 15th we sponsored a trip to Wheaton College to see "dony-brook" (The Quiet Man).
On December 6th we sponsored a Shopping Trip to the Braintree Mall.
On December 20th we sponsored a Christmas Luncheon for Senior Citizens at the Senior Center. Students from the Bristol-Plymouth Food Trades Dept. prepared and served the Luncheon. Entertainment was provided by the Rev. Allen Previto.
11. The Council on Aging is now distributing government surplus cheese and butter from the Senior Center on the 4th Tuesday of the month from 9 a.m. to 4 p.m. to all Berkley Residents whose gross income falls within the current Fuel Assistance Program Income Range No. 2.
12. The Berkley Happy Hearts senior club meets at the center every Monday afternoon at 1:30 p.m.
13. The Berkley Historical Society meets at the center once a month.
14. The book club meets at the center several times a year.
15. The Council meets twice a month on the 1st and 3rd Wednesday at 10 a.m. at the Senior Center.

Mr. Wyman Hawkes, a valuable member of the Council on Aging passed away on December 20, 1983. We will miss him.

Respectfully submitted,

MR. HUGH KENWORTHY, Chairman
MRS. MADLYN SCOTT, Vice-Chairman
MRS. ISABELL ROGERS, Secretary
MRS. BERNICE PIERCE, Treasurer
MRS. VERA ASHLEY
MRS. HELEN CRAVEN
MR. WYMAN E. HAWKES

DEPARTMENT OF CIVIL DEFENSE ANNUAL REPORT

To the Residents of the Town of Berkley:

This past year has been a busy one with the usual duties of the Civil Defense Department. We have pumped out seven cellars and two polluted wells. Other activities included were the continued work on tying in the generator (diesel) for emergency power at the Dispatch Center, Common Fire Station and Elementary School. The generator when completely tied in will be for long power outages.

We have also acquired two large floodlights for use by any town departments or organizations needing emergency or portable lighting.

The most recent undertaking has been the distribution of the surplus butter and cheese to town residents. We were able to secure these foods through the efforts of the Council on Aging. The Council on Aging applied for and received permission to handle the distribution of Surplus Food. The Civil Defense is supplying the vehicle and manpower to pick up the food at the Brockton Warehouse and bring it to the Council on Aging Center in Myricks. Distribution will continue on a monthly basis, watch the Taunton Daily Gazette for dates.

At this time I would like to thank all the people in this and other departments in making this a successful year. A special "thank you" to the Council on Aging for their work on the Butter and Cheese program.

The Civil Defense Department is ready to serve you, the residents of the Town of Berkley.

BRIAN W. PERRY, Director

INDUSTRIAL DEVELOPMENT COMMISSION
OF BERKLEY, MASS.

ANNUAL REPORT

The year 1983 was another slow year in industrial development in our area. It was similar to 1982 with one new business, one expansion and one change of ownership.

On information received, the new business in town will be called Leahy Kitchen Cabinets and will be located at the corner of Pine and Porter Streets.

The Berkley Package Store built an addition to their present building on County Street. Mrs. Barbara Bowden, owner, informed us that the expansion is eighteen feet wide and forty-four feet deep and will be used for sales and storage space. This extra space should enable the owners to operate more efficiently and profitably.

The change of ownership was formerly McKnight's Variety and Grocery Store and was sold to Mr. Cassel and is now called Cassel's. It is located on Myricks Street.

We of the Commission encourage people with foresight to buy, expand, or start a business in our location as there is nothing better than free enterprise.

We look forward to more industrial growth, more expansions, a stronger economy, and a brighter future for the coming year.

Respectfully submitted,

EDMOND B. ST. YVES

**BRISTOL COUNTY MOSQUITO CONTROL PROJECT
ANNUAL REPORT — BERKLEY, MASS.**

DECEMBER 31, 1983

On June 30, 1984 the Bristol County Mosquito Control Project will complete twenty-five years of service to the cities and towns of Bristol County.

The mosquito control project works year round in its efforts to reduce mosquito breeding sites and adult mosquito populations. The Project uses several different measures of control in its never ending fight against mosquitos.

Winter Pre-hatch—To treat breeding areas that are accessible only on the ice during the winter months.

Spring and Summer Larviciding—To reduce the emergence of adult mosquitos in areas where mosquito larvae is present.

Catch Basin Treatment—To stop mosquito emergence from rain-filled catch basins and storm drains.

Light Trapping Program—To monitor mosquito population as to their type and number—a program necessary in encephalitis surveillance. Light trapping of mosquitos is also useful to determine what areas have high mosquito populations and should be sprayed.

Water Management—A year round endeavor to clean and construct mosquito drainage ditches in low land swamps to reduce their favorability as breeding sites for mosquito larvae.

It is the policy of the Bristol County Mosquito Control Project to use pesticides that are environmentally safe so that the safety of the people and environment are not jeopardized. We use as many of the biological insecticides as are practical with the environmental conditions present in the New England area. We are presently using three different formulations of B.T.I. in our larviciding program.

All of our spray equipment is calibrated periodically in order to insure that dosage rates remain at safe levels but are adequate to reduce mosquito populations. The operators

of our spray equipment are state certified pesticide applicators that are required to attend classes on pesticide safety on a yearly basis.

In sensitive areas such as where bees are kept, no spraying will take place provided we are made aware of these areas. All spray trucks have a list of beekeepers which is continually updated, but with more people keeping bees, it would be very helpful if those people would notify our office. Also, any person that has a sensitivity to pesticides and does not want their property sprayed should contact our office and we shall honor their request.

In 1983 the encephalitis virus level was extremely high throughout most of Southeastern Massachusetts, with several human and horse cases appearing in late July and early August. On August 6, 1983 Bristol County had its first human case in several years. During the 8 weeks following, the spray crews of the Bristol County Mosquito Control Project worked around the clock to combat any further outbreaks of encephalitis. Our intensified ground spraying stopped any further outbreaks in the Bristol County area during the 1983 mosquito season.

Although only one human case was confirmed in Bristol County during 1983, one is far too many. We are working at this very minute on a method or plan of attack to combat encephalitis should the virus level appear high enough for an outbreak in 1984. Our light trapping program shall be further increased in 1984 in order to get more data to be used in encephalitis surveillance. Extra spraying equipment and men to operate them will also be pressed into service should a need arise.

During the early spring a total of 5½ acres of known mosquito-breeding swamp and woodland pools were treated in order to reduce breeding. Only areas that contain water that does not run off and are known breeding sites are treated.

The spring brood of mosquitos emerged around the first of May. Once a significant number of mosquitos were on the wing our ultra low volume foggers began to spray areas of high infestation. This was done continually throughout the season. During the summer all recreational areas and camps were sprayed on a weekly basis as well as all other areas of the town where mosquitos were a problem. We also treated

58 breeding catch basins during this time. Due to the warm weather extending into October this year, our spraying continued until the end of September.

With the end of the spraying season our work turned to water management projects. At this time crews cut brush and clean debris from existing ditches and streams in order to insure a better flow of water from normally wet areas. A total of 2,050 feet of brush was cut from ditches and 1,115 feet of existing drainage ditch cleaned of debris.

I would like to thank the town officials and the people of Berkley for their continued support and cooperation and look forward to serving them in the coming year. Should anyone have a question as to what might be done to relieve a mosquito problem in their area, whether it is water management work, treatment of a breeding site, or just having an area checked, please feel free to call our office.

Respectfully submitted,

ALAN W. DeCASTRO,
Superintendent

REPORT OF THE DOG OFFICER OF BERKLEY FOR 1983

22 dogs picked up and confined.

29 dead dogs and 14 dead cats.

43 complaints.

5 dog bites.

Licenses are valid from April 1st to March 31st. All dogs must be licensed. Licenses and tags may be obtained from your Town Clerk, Mr. Andrews.

Respectfully submitted,

ANTONIO M. FERNANDES
ROY BUSSEE

BERKLEY SOIL CONSERVATION BD. ANNUAL REPORT

Berkley Board of Selectmen
Mr. George Moitoza, Chairman
Selectmens Office
Berkley, Massachusetts 02780

Mr. Chairman and Members:

The Berkley Soil Conservation Board consists of the following members:

John Fernandes, Chairman
George Moitoza, Member
William Babbitt, Member
Byron Holmes, Member
Raymond Rose, Member
Ann Fournier, Member
Anthony Rose, Member

Six gravel removal permits were granted by the Berkley Soil Conservation Board for 1983. Owner of pit, operator and location follows:

William Barrows, Berkley St., Berkley; pit location Berkley St., Gilbert "Sonny" Lopes of Taunton, Ma, operator.

K. R. Rezendes, Inc. of 1 Sammy Lane, Assonet, Ma; pit location; Rte. 79, Myricks. K. R. Rezendes operator.

Manuel Nunes, Anthony St., Berkley, Ma; pit location; Bryant St., Berkley. Manuel Nunes operator.

D. J. Moitoza of 81 Bay Road, Norton, Ma; pit location; Bryant St., Berkley. D. J. Moitoza operator.

Francis V. McCrohan of Bayview Avenue, Berkley, Ma; pit location; Bayview Avenue, Berkley. Kir-Pac Construction Corp., Raynham, Ma, operator.

Elmer Chamberlain of Friend St., Berkley, Ma; pit location; Friend St., Berkley. Gilbert "Sonny" Lopes of Taunton, Ma, operator.

All gravel removal permits expire the 1st of November

of the year of issue. A new application must be filed each year for a renewal of the permit. The Board meets and reviews each application in detail before a renewal permit for the coming year is granted. All pits are inspected before the renewal meeting is held. Any questions regarding the pit and application the applicant is requested to appear before the Board.

All gravel pits are under constant supervision by the Board members, to see that the Rules and Regulations of the Town of Berkley By-Laws are followed.

All gravel removal permits are Non-transferrable and Non-resaleable.

Respectfully submitted,

JOHN FERNANDES, Chairman

REPORT OF THE FIRE CHIEF

To the Board of Selectmen:

As Fire Chief, I submit the following report for the year 1983:

During the year the Fire Department responded to 79 calls; Building, 20; Brush & Grass, 10; Motor Vehicles, 17; Miscellaneous, 28; Illegal Burning, 4.

The Ambulance responded to 163 calls for assistance. Morton Hospital, 72; other area Hospitals, 29; Auto Accidents, 22; Home and Rest Homes, 18; Miscellaneous, 12; Mutual Aid to Freetown, 3; Dighton, 6; Mutual Aid from Dighton, 1.

I wish to thank the Firefighters, E.M.T.'s, Police Department, and all others who helped me carry out the duties of this office.

Because of a steady decrease in available manpower, we need more E.M.T.'s to man our Ambulance. Without more personnel, we will not be able to continue to run the ambulance.

Respectfully submitted,

JAMES R. BARROW,

Fire Chief

4. COMMENTS

Generally 1983 has been good but old unpaid Taxes remain a problem. Our collection procedures are presently being straightened and hopefully 1984 will show a sizeable decrease in this area, this is evident at this writing.

To have our own Town Accountant is a goal I would like to see in the near future. This year we took the first step and hopefully you, the taxpayers will continue to support a program that will see this office in place soon. A word of caution, we must approach this in a very orderly fashion as not to upset the general financial offices of this Community.

In closing I would like to thank all who helped me carry out the responsibilities of this office.

Respectfully submitted,

ALFRED T. TOWNLEY III,
Collector-Treasurer-
Accounting Officer
Town of Berkley

BERKLEY POLICE DEPARTMENT**ANNUAL REPORT 1983**

During the past year the police reserve officers have donated many hours of their time in order to improve the department and our service to the Town. This dedication and involvement has resulted in a marked decrease in house-breaks with an increase in court prosecutions and revenue to the Town. The Auxiliary Police have also made a sizeable contribution to the community by donating over 500 hours of their time to special functions and police assistance. The Communications Center was put under my control and the dispatchers have contributed to the growth of the department and have shown themselves to be a necessary asset for the Town.

I have established an employee evaluation and training program for the police officers and dispatchers. This has added to the professional operation of the department and has given added safety and protection to the officers and Town. Myself and many of the officers have taken time to attend training courses and schooling to improve our knowledge so that we may better serve the Town.

Berkley is growing yearly and along with this the demand for police services has increased. My time in court and in the administration of the department has also increased. At last years Town Meeting I agreed to table an article requesting a second full-time officer because of financial limitations from Proposition 21½. This does not appear to be the case this year. Furthermore the Town has received substantial increases in court fines which more than cover the cost for a second man. The citizens of Berkley are entitled to full-time coverage and another officer is needed to assure that the cruiser is on the road during the day. The Town must follow through on a planned growth program and I respectfully ask for your support at Town Meeting. I personally thank the officers, dispatchers and police from surrounding communities for their help in making Berkley a safer place to live.

DAVID M. MASON,
Chief of Police

GENERAL INFORMATION

Kindergarten Registration

1. To enter Kindergarten, a child must be five years of age by September 1.
2. A Birth Certificate must be presented at registration.
3. A doctor's certificate of immunization against diphtheria, pertussis, tetanus, measles, and poliomyelitis, unless exempted for medical reasons, must be presented at registration time.
4. A recent physical examination recorded on the Massachusetts Health Form by the child's doctor must be completed.
5. Following the registration, appointments will be arranged for a hearing and vision evaluation at school.

Health Policies

1. In case of illness, doctor's certificates are only necessary for communicable diseases or if specifically requested by the school.
2. No student will be allowed to bring medications to school unless the school nurse has a doctor's order specifically stating the name of the medication, dosage, time to be given, the student's diagnosis, and the necessity of taking the medication during school hours. The doctor's order should be accompanied by a signed and dated note from the parent requesting the administration of the medication. A final check with the physician will be made by the school nurse.
3. Transportation of a sick child is the responsibility of the parent and only in an emergency will the school provide transportation.
4. Vision and hearing screening tests are conducted annually.
5. Physical examinations are given yearly in grades: Four and Eight.

School Notes

When a student is absent from school, he is expected to bring with him a written excuse from his parents explaining his absence.

A request for dismissal before the end of the school day should be made in person or in writing by the parent.

The principal's office, located at the Berkley Middle School, is open from 7:30 A.M. to 4:00 P.M.

School Hours

The Edward G. Canuel Primary School is in session from 9:00 A.M. to 3:00 P.M.

The Berkley Middle School is in session from 7:30 A.M. to 1:30 P.M.

No School—Stormy Day Information

During the winter when we have snow or ice storms the decision as to whether we have a late start day or no school will be broadcast on the following radio stations between 5:30 and 6:30 A.M.

WPEP Taunton	WHJJ Providence	WEAN Providence
WALE Fall River	WHJY Providence	WPRO Providence
WSAR Fall River	WHIM Providence	WSNE Providence
WARA Attleboro	WJAR Providence	

There could be a "late start day" announcement followed in an hour or so by a "no school day" if there should be a change for the worse in the weather conditions.

Emergency Situations

Parents should be aware that emergencies may arise while students are in school. Due to the emergency, students may be released early. We would place such announcements on

the radio. However, all parents may not be notified. It is very important that parents make arrangements for the shelter and supervision of their child in case of such emergencies. Neighbors or relatives should be notified and students should know what to do if parents are not at home.

Transportation

Bus transportation is provided for our students in Grades K-12. Bus rules for students have been established by the School Committee. A student must not abuse the privilege of riding to and from school by misbehavior. The enforcement of bus rules is the responsibility of the bus driver. An infraction of the bus rules will be brought to the attention of the pupil(s) involved by a verbal explanation and warning by the driver. If a verbal warning is not sufficient, the driver will complete a written report. A pupil may be placed on probation if, in the judgment of the principal, the student's behavior has been unacceptable. A pupil shall lose his privilege of riding on the bus for a serious infraction which affects the safety of the driver and other youngsters on the bus or for acts of deliberate vandalism.

SCHOOL CALENDAR

As Approved by School Committee

1983 - 1984

BERKLEY**Berkley Primary and Middle Schools**

School Opens September 7, 1983

Closes December 23, 1983 74 days

School Opens January 3, 1984

Closes February 17, 1984 33 days

School Opens February 27, 1984

Closes April 13, 1984 35 days

School Opens April 23, 1984

Closes June, 1984 38 days

Total 180 days**SCHOOL WILL CLOSE ON THE FOLLOWING DAYS:**

October 10, 1983—Columbus Day

November 11, 1983—Veterans Day

November 24 & 25, 1983—Thanksgiving Recess

January 16, 1984—Martin Luther King, Jr. Day

May 28, 1984—Memorial Day

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of the Town of Berkley:

I herewith submit my seventh report as Superintendent of Schools.

This report covers the events and activities which occurred during calendar year 1983.

Financial constraints continue to be the major problem facing your school systems. The 1983-84 School Budget approved by the voters at the Annual Town Meeting was subsequently reduced at a Special Town Meeting because you, the voters, wanted more services than you could provide under the limitations imposed by Proposition 21½. The problem is directly related to an unrealistically low levy limit established the first year of Proposition 21½. The problems created by the unrealistically low levy limit will continue to escalate until relief is obtained at the state level.

In addition, the facilities, particularly the facilities for your special needs programs at the Canuel School, are inadequate and in need of expansion because of the number of pupils enrolled. A solution to the school facilities problem should be coupled with the solution to suitable facilities for town offices. The need in both cases exists now. Something needs to be done.

EXCELLENCE IN EDUCATION IS A DESIRABLE AND ATTAINABLE GOAL. National interest in public school education has been generated by the release of reports from commissioners, task forces, and private organizations. "A Nation at Risk," published by the National Commission on Excellence, has received the most publicity. In effect, the report asserts that our nation is at risk because other nations of the world are catching and surpassing us in fields where we historically have been the world leaders. Public school education is the field studied in the report, "A Nation at Risk." The call is for excellence; however, your schools cannot exist as an island of excellence in a sea of mediocrity. You, as parents, citizens, and voters, must be willing to provide the moral and financial support to achieve that goal. **EXCELLENCE IN EDUCATION IS A DESIRABLE AND ATTAINABLE GOAL.**

We continue to utilize the establishment of annual mission and goal statements to focus our activities for the school year. The focus of our attention, and the entire nation, was determined by the report of the National Commission on Excellence in Education in April, 1983, with the release of their report, "A Nation at Risk." The report is described as an assessment of where we are and an agenda for the future of American education.

"Our nation is at risk—the educational foundations of our society are presently being eroded by a rising tide of mediocrity that threatens our very future as a Nation and a people. Excellence costs, but in the long run mediocrity costs more."

The commission recognized that the task will not be easy. Education is the cornerstone for a "learning society" which must be prepared for the challenges of technology and prepared to be productive members of a society whose economic standard is based on handling information; THE INFORMATION AGE. The 1983-84 Mission established by the school committee is:

MISSION

To work with the community for the acceptance of excellence in education as a desirable and attainable goal.

GOALS

Goal #1

To promote pride in our schools through the pursuit of excellence by students, school staff, parents, and community.

Goal #2

To continue development of a true spirit of cooperation and mutual respect within both our school and community.

Early in 1984, meetings will be scheduled to discuss the relationship of the "Nation at Risk" assessment to our schools and to react to their recommendations.

The discussion will involve students, teachers, parents, and citizens who responded to announcement of the formation of a task force in the local press, radio stations, and principal's newsletters. The report is focused at the high school; however, by implication and design grades K to 8 are involved.

The focus of last year's mission and goals has increased public support for their schools. The goals addressed the regionalization study and the central office reorganization. The regionalization study concluded with a split decision; overwhelming support in Rehoboth and defeat in Dighton. The reasons for the difference in the attitude of the voters in the two towns toward regionalization as a solution to improving education in your community was not clear at the time of the decision nor is it today. Possibly time will provide the answer.

Organization

The central office reorganization study concluded with the acceptance by the Union 37 School Committee of a central office organization that would utilize the expertise of teachers as part-time administrators directing curriculum projects which would be established by the school committee. The projects selected for 1983-84 are:

Basic Skills Improvement Program—Director Richard Castro
Higher Level Thinking Skills—Co-directors Linda Roy and Gustaf Neilson

Computer Education—Director Joseph Flaherty
—Asst. Directors Janice Rogala and Salvatore Caiozzo

Health and Physical Education—Director Jeffrey White
—Asst. Dir. Barbara Medeiros, Diane Monast, Karen Ives

Language Arts/English/Communication Skills—Directors and Asst. Directors to be announced in January, 1984.

Mathematics—Directors and Asst. Directors to be announced in January, 1984.

To date, the final report on the Basic Skills Improvement Program Project has been completed and the school committee will be taking action on the recommendations in the report at their February meeting. A preliminary report has also been presented by the Computer Education Project. The results of its initial report, a critique of software for our microcomputers, is available in each building.

Enthusiasm is high for the potential of the Project Programs to improve the review and renewal of our curriculum. You will receive more information through our usual means of communication.

I call your attention to the report of Mr. Edward G. Canuel, Principal of the Berkley Schools, which follows.

**REPORT OF EDWARD G. CANUEL, PRINCIPAL
EDWARD G. CANUEL PRIMARY SCHOOL
BERKLEY MIDDLE SCHOOL**

I hereby submit my fifteenth annual report as Principal of the Berkley Schools.

Curriculum Projects

In order to systematize curriculum and obtain as much teacher involvement as possible, the Administrative Team recommended that Project Directors under Administrative Coordinators be appointed to develop curriculum areas.

Presently, we are working on the following projects: Basic Skills, Higher Level Thinking Skills, and Computer Program. Future projects that will begin the early part of 1984 are: Health/Physical Education, Mathematics, and Communicating Skills.

In addition to these Union #37 projects, Berkley has completed or is working on the following educational endeavors: Reading Curriculum, Report Card, Writing Skills, and Honor Roll Standards.

We continue to pursue excellence in the Berkley School System and, therefore, continue to upgrade our programs in order to challenge our students to be contributing citizens in our society.

Testing Program

The Berkley School System employs two different tests to measure the progress of its students. The California Achievement Test is given to students in grades two, five, and seven, while students in grades three, six, and eight are tested by the Basic Skills Improvement Program.

The tests results at the conclusion of the 1982-83 school year indicated that the Berkley School System achieved good results when compared to national testing standards.

The results of the California Achievement tests indicated that in both Reading and Mathematics, Berkley scored higher than the national norm at the second, fifth, and seventh grade levels.

The results of the Basic Skills Improvement Program tested our students in Reading, Mathematics, Listening, and Writing in grades three, six, and eight.

Subject	Number Tested	Percentage not achieving minimum standards
Reading	156	1%
Mathematics	157	3%
Listening	158	2%
Writing	158	20%

The area of concern is Writing. These students, as with other subject failures, are receiving remedial help and will be retested as soon as their skills are brought up to standard. We also are stressing writing skills during the school year.

Since our results were quite good, we have also raised the minimum standards for most tests to make it more challenging for our students.

Age of Computers

Microcomputers are important instructional tools for students at all grade levels and in all subjects. Their importance in education, as well as in business and government, is increasing with every passing day. They are and will continue to play a major role in our daily lives.

Our schools are presently using five computer systems that have been purchased by our school system budget or funded by Chapter II grants.

These computer systems are being used or will be used by students in grades one through eight. Our students are using our software programs for computer assisted instruction and for computer awareness.

As educators in the Berkley School System, we accept the fact that this technology must be recognized and have taken

on the responsibility for providing the necessary computer skills to our students as we have for other life skills.

Enrichment Program

Our schools have greatly benefitted from the learning experiences provided by the Berkley Parent/Teacher Organization Enrichment Program. There have been so many programs that I will not attempt to name them all.

However, to highlight a few that were significant and to show the variety of programs, I would like to single out such programs as: "An Introduction to the Opera," "Bicycle Safety," "Wampanoag Indians," "Cancer Research," "Solar Energy," and "Skeletal System."

It began as a Berkley project and now has expanded into a joint community project. The efforts of several communities have made it possible to obtain some excellent programs and to fund them at a reasonable cost for each community.

This Enrichment Program would not be functioning if it were not for the time, interest, and effort of Mrs. Marjorie Ghilarducci. She has been not only actively engaged in providing these learning experiences for our school children but also for developing an interest and rapport with surrounding communities. We hope to see this project continue as a contributory part of our school systems.

Grants

Project approval for the Massachusetts Department of Education Block Grant year two was received in the amount of \$3071.00. With these funds, we are continuing to develop our schools' computer program. We will obtain another computer system, some computer software programs, and provide inservice training for our teachers.

We continue to receive sufficient funds for our Chapter I program. Total available funds for this year was in the amount of \$32,688.00. Two teachers service some fifty students in the primary and middle schools. We also obtain resources and supplies for this very successful remedial program.

Our schools have also benefited from Cooperative Production Inservice Project Funds. Three inservice programs

were funded this year in the amount of \$840.00. Many teachers were involved in the "Computer Awareness Training Program," "Stevenson Language Workshop," and the "Semple Math Workshop." Two more projects have been approved for the beginning of the 1984 school year.

Many teachers have not only participated in these workshops but have also commented favorably as to the high caliber of content and personnel.

Conclusion

The Berkley School System can be very grateful to its committed teachers and school personnel, to the town organizations (Berkley Parent Teacher Organization, Berkley Library Trustees and Librarian, and Berkley Police Association), to many parent volunteers who help us with our library, resource programs, and health program and to our successful cafeteria program.

We are very proud of the many students who have achieved outstanding academic success, to the middle school band, to the primary and intermediate choruses, to science and art project exhibitors, and to our students of the month. Their interest and effort have made them significant members of our student body.

As principal, I am most grateful for the enthusiastic support I receive from the Berkley School Committee, Dr. Joseph C. Harrington, Miss Sherry Medeiros, office personnel (particularly Monica Francisco), Berkley P.T.O., parents, and students. Without their outstanding interest and effort, our school system would not function as effectively. I appreciate their effort.

Respectfully submitted,

EDWARD G. CANUEL, Principal
Berkley Schools

A Final Word from the Superintendent

You might ask yourself after reading the reports from your administrators, "where are the problems created by insufficient financial resources?" Yes, it is true the deficiencies in your schools are not easily discernible. Educational programs which do not meet the needs of individuals who will be in charge of this country in the 21st century cannot be documented until that time and then it will be too late! The same set of circumstances exists if maintenance and updating of appropriate teaching equipment and facilities is postponed because of insufficient financial resources. Those close to your school system are aware of the problems and, in addition, more and more parents, citizens, and voters are becoming aware of the problems. The solution rests with the recommitment by the general public that education is the solution to our problems.

My reflections on what has transpired in your schools generates positive feelings and my annual reports have indicated that. This year the untimely deaths of Jack Berger and Chuck McKenna have cast a pall on the year's activities.

Jack Berger began his career as a mill carpentry teacher when D-R opened for the first time in September, 1960. His talents, ability, quips, and rapport with youngsters won for Jack the respect of his pupils and the admiration of his fellow teachers. Jack used these talents as the teacher selected to initiate and successfully operate a new vocational program in structural carpentry. Jack leaves a legacy which will be remembered for a long time into the future.

Chuck McKenna's participation as an active, knowledgeable, caring member of the Dighton and Union 37 School Committees played a significant role in budget preparation and presentation, administrative reorganization, collective bargaining, special education, and curriculum design and renewal. He really cared about what happened to the youngsters in the schools and it showed. For ten of the twenty years that he was on the Dighton School Committee, he was elected chairman. His leadership style, effectiveness, and sincerity gained the cooperation and respect from everyone who came into contact with the school committee.

We had become accustomed to seeing these two gentlemen at their stations. Their presence has been missed and will continue to be missed in the future. However, the loss to the school community, great as it is, cannot be measured against the loss experienced by the Berger and McKenna families. The fond cherished memories of our past relationship will help us all to overcome the loss. **Requiescat in Pace.**

I continue to be enthusiastic about my responsibilities as your superintendent. The enthusiasm, energy, and commitment required to fulfill my many responsibilities are nurtured and sustained by expectations and level of performance of your school system employees and by my working relationship with the school committee, the dedication and level of performance of the administrative team, the commitment, talent, and working relationships with the central office support staff: secretarial, accounts payable/receivable, book-keeping, student accounting and reception, the overall effectiveness of Mrs. Nancy Goulart, Office Manager, and the ability of Doris Reed as District Treasurer. My gratitude, appreciation, and thanks to one and all.

PUBLIC EDUCATION:

A SOUND INVESTMENT IN AMERICA

Respectfully submitted,

JOSEPH C. HARRINGTON, Ed.D.,
Superintendent of Schools

BRISTOL-PLYMOUTH REGIONAL TECHNICAL SCHOOL
ANNUAL REPORT—1983

I hereby submit my Seventh Annual Report to the citizens of Bristol-Plymouth Regional School District. The School Committee representing the District is comprised of the following people:

- Mr. Peter Wasylow, Chairman Taunton
- Mr. Robert Stone, Vice-Chairman Bridgewater
- Mrs. Jean A. Carter Berkley
- Dr. Carmine A. Carucci Raynham
- Mr. Richard A. Ray Middleborough
- Mr. Norman McMann Taunton

September of 1983 began on a productive note. Most of our high school programs and teachers who were reduced in force because of budgetary limitations returned to the school. It was an excellent year for applicants in both the high school and post-graduate programs. This was the first time in nine years that we have been able to fill the quotas in all five towns.

Bristol-Plymouth had 472 applicants for grades 9 through 12, of which 244 new students were accepted. As of January 17, 1984, our population totaled 756 undergraduate and 36 post-graduates.

There are presently 36 Seniors on co-op compared to 26 at this time last year. The placement figures for the 1982-83 are as follows:

Undergraduate

Total Placement	87%
Working in the trade	57%
Working in other trades	26%
Going on to College or Trade Schools	26%
Students entering armed forces	5%
Number Unemployed	14%

Post-Graduate

Practical Nurse	92%
Medical Assistant	63%

The bilingual vocational recruiter has been funded by the school district for the second year and has proved to be invaluable. She has been instrumental in servicing the Portuguese population of the region, as well as students in non-traditional trade areas. Many more materials have been translated into Portuguese and special tours of the school have been given by Karen Beaulieu. A complete career decision making program has been given to eighth grade students of the region.

This year through a federal grant, we have purchased eight micro-computers for high school use. Also, Fisher Junior College has recently purchased twenty Digital micro-computers which are available to our high school students. A new program in computer literacy will be started this school year.

The School Committee has funded a science program for advanced students and this has proven to be a very valuable educational asset to the school.

As usual, the school was engaged in many outside projects which have resulted in substantial savings to all the membership of the district. Our Carpentry, Electrical and Painting & Decorating departments have continued working on the Chaffee Farm in Bridgewater, a restoration project which has been of great value to the school and to the town. Our Paraprofessional Careers classes are doing clinical assignments at Wedgemere Nursing Home, Morton Hospital and Paul A. Dever School as an integral part of their program.

The Special Needs Department provides educational and vocational support to students in order to improve their participation in the total occupational educational program at Bristol-Plymouth. Any student at B-P is eligible for the services of the Special Needs Department which includes evaluation, remediation, and training. The emphasis within all programs of instruction and supportive services is to minimize the separation of students from the regular educational

program and to facilitate the optimal development of the student's personal, social and vocational potential.

Morton Hospital has continued to cooperate with the school, and our post-graduate clinical students perform their internship at the hospital. Again, this program has received one of the highest ratings from the state Board of Nursing. Mrs. Barbara Shaw should be commended for her continuing excellence with this program.

The parents of Bristol-Plymouth should be recognized for their untiring efforts to aid the students of the school.

They, the Advisory Board, and interested citizens of the community make Bristol-Plymouth the excellent educational institution that its founders intended it to be.

Respectfully submitted,

DANIEL J. SAUNDERS,
Superintendent-Director
